However, where the exclusion decision is at the discretion of the contracting authority, it shall invite the candidate(s) liable to exclusion to present their observations in order to establish, via all means and within a reasonable period not exceeding 10 days, that the measures required to rectify the failings laying behind exclusion have been taken and, as applicable, that their participation in the tender will not undermine equality of treatment among the bidders.

Where an operator finds itself to be in a position of exclusion during the procedure, it shall notify the contracting authority without delay, which shall apply exclusion on these grounds.

In the case of a temporary consortium, the aforementioned participation conditions will be assessed on an overall basis; the application file must include authorisation of the lead company from its co-contractors, which may be issued via form DC1.

Specific requirements for consortia of economic operators

Grounds for the exclusion of consortia

Where the grounds for exclusion from the tender procedure concern one of the consortium members, the contracting authority shall demand its replacement by an entity not subject to the grounds for exclusion, to take place within 10 days of the lead company receiving said demand.
