Dimensions (mm): 800, 2760, 1660, 600, 150, 300, 20, 140, 130, 120, 700, 670, 800, 50, 850, 950, 1600, 700, 840, 120, 20, 140, 550, 600.

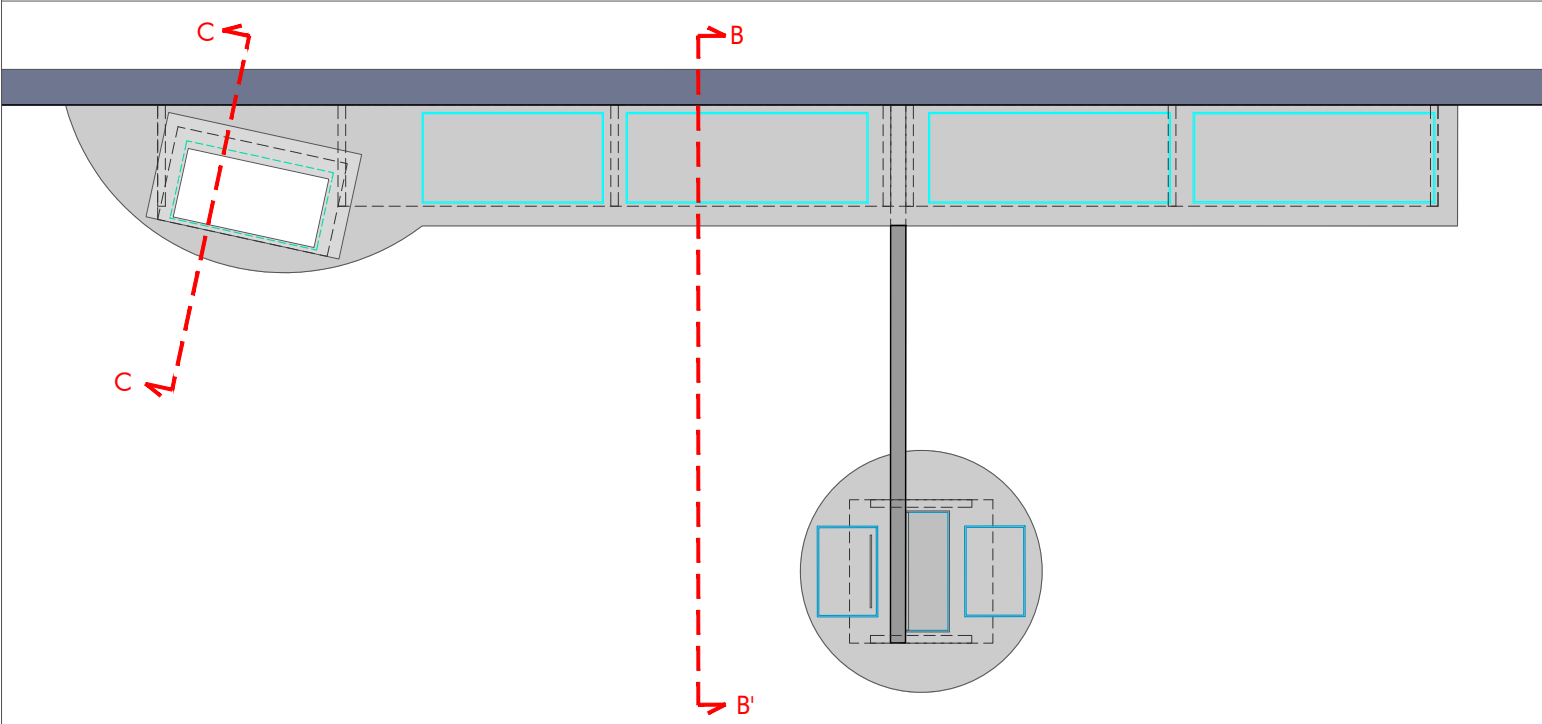

Technical drawing of a desk lamp assembly (Bo.04) showing dimensions and components. The drawing includes a silhouette of a person for scale reference.

Components and Dimensions:

- Lutrin en MDF pour intégration d'écran, avec cadre amovible et rainures de ventilation** (MDF bracket for screen integration, with removable frame and ventilation grooves): Indicated by a red line pointing to the top of the lamp structure.
- Bo.04** (Lamp assembly): Labeled in a green oval.
- Plateau en MDF 19mm** (19mm MDF plate): Indicated by a red line pointing to the base of the lamp structure.
- Caisson en MDF avec trappe d'accès au transformateur et player** (MDF box with access hatch to transformer and player): Indicated by a red line pointing to the base of the lamp structure.
- Ruban LED** (LED strip): Indicated by a red line pointing to the base of the lamp structure.

Dimensions:

- 815**: Total height of the lamp structure.
- d1**: Distance from the base to the top of the lamp structure.
- 340**: Height of the lamp structure from the base to the top of the lamp structure.
- 30°**: Angle of the lamp structure.
- 140**: Height of the lamp structure from the base to the top of the lamp structure.
- 20**: Height of the lamp structure from the base to the top of the lamp structure.
- 120**: Height of the lamp structure from the base to the top of the lamp structure.
- 700**: Total height of the lamp structure.

COUPE DD'

COUPE EE'

Technical drawing of a bus stop shelter layout. The drawing shows a plan view of the shelter structure, including the roof, side panels, and a central vertical support. Dimensions are provided in millimeters (mm).

Dimensions:

- Overall width: 2700 mm
- Overall depth: 800 mm
- Roof depth: 600 mm
- Roof overhang: 50 mm
- Side panel depth: 250 mm
- Side panel width: 400 mm
- Side panel overhang: 150 mm
- Central support width: 200 mm
- Central support depth: 1200 mm
- Central support base width: 100 mm
- Side panel width (left): 1200 mm
- Side panel width (right): 1000 mm
- Side panel height (left): 150 mm
- Side panel height (right): 150 mm

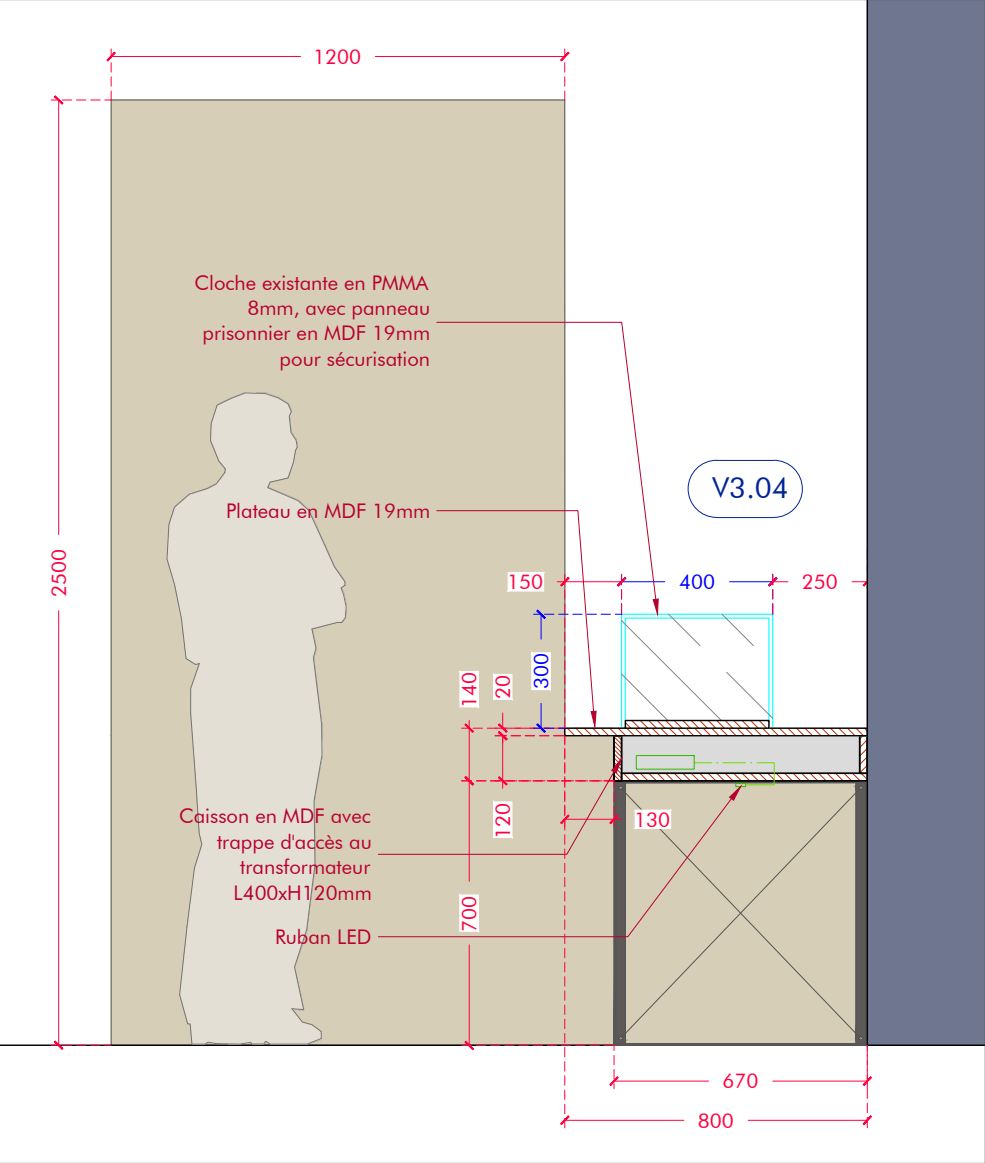

Components and Labels:

- Two rectangular panels on the left side, labeled 169 and 167.
- Two rectangular panels on the right side, labeled 163 and 159.
- Four small rectangular components (possibly lights or vents) located below the side panels.
- A central vertical support structure.
- A label "T3.02" is located near the bottom right corner.

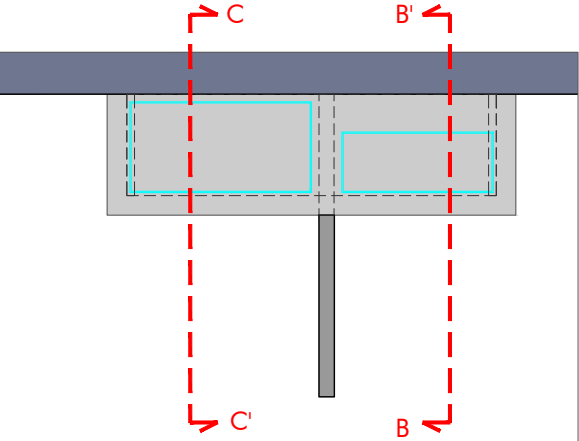

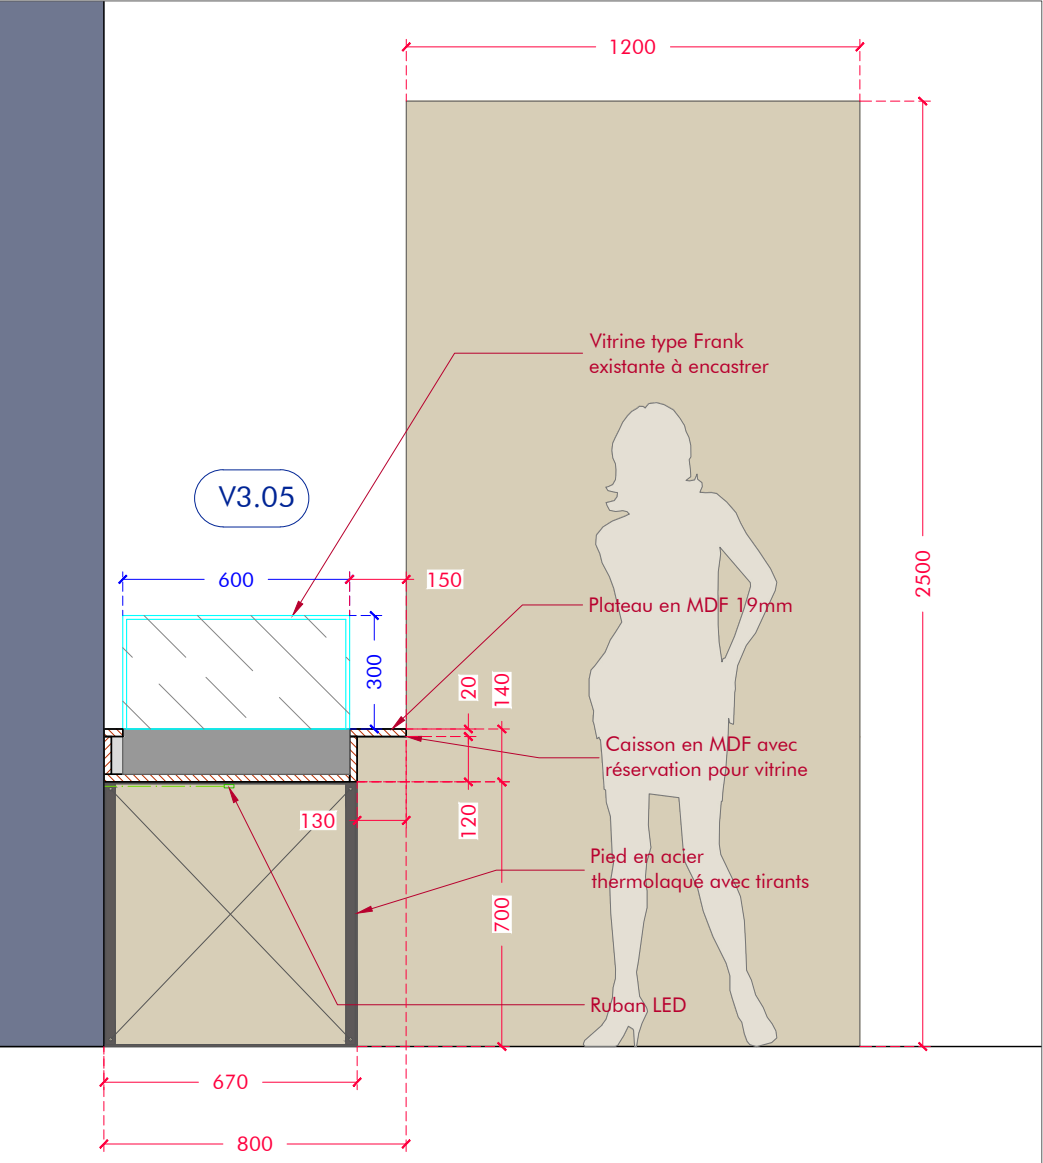

The drawing includes a dashed line indicating a section cut A-A'.

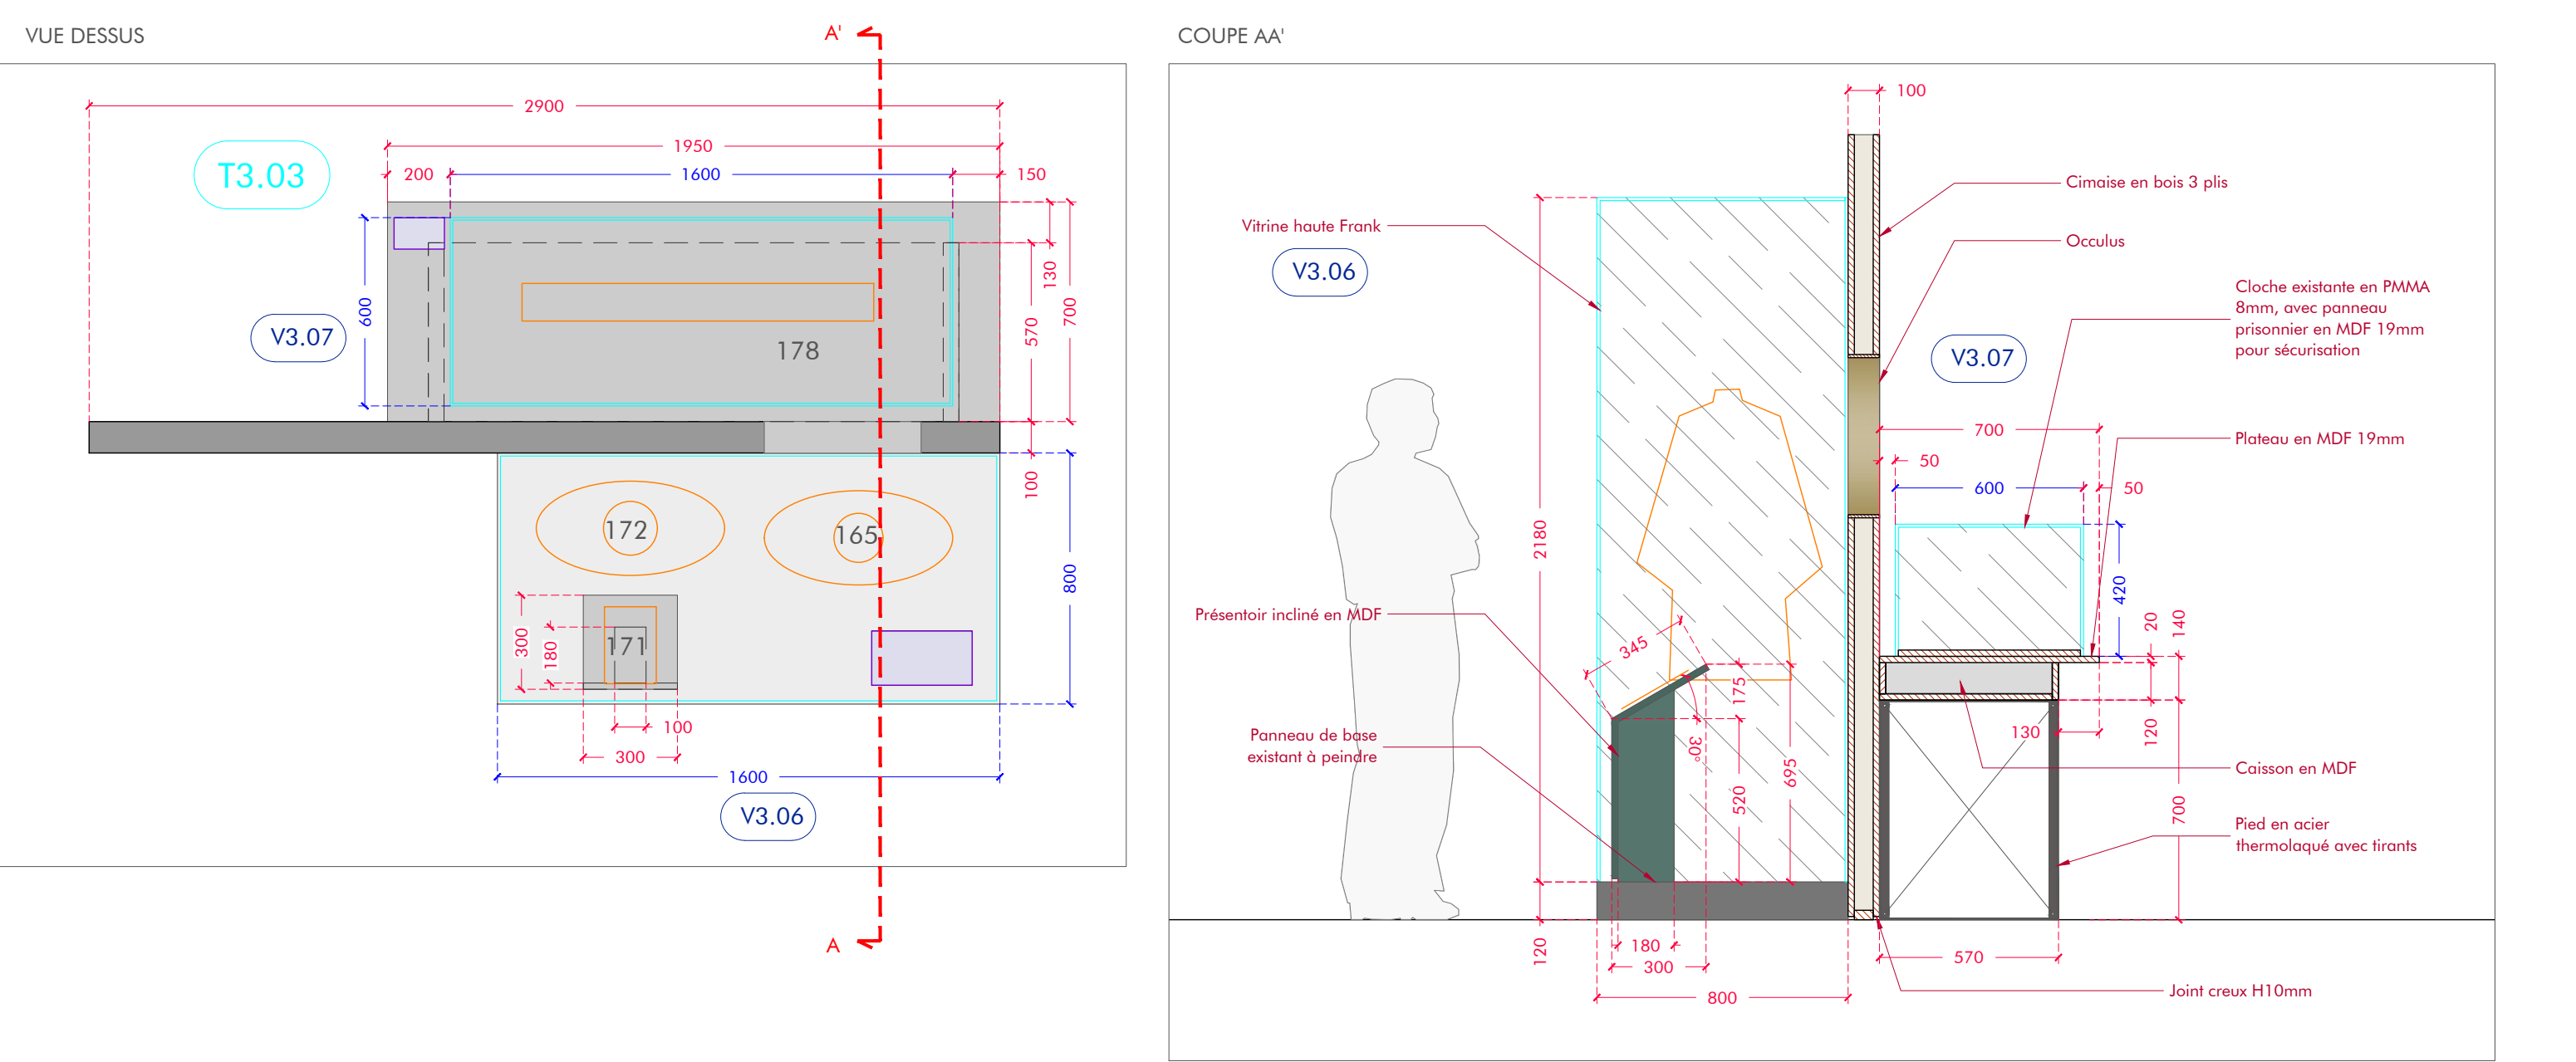

Technical drawing of a double-sided display stand. The stand is divided into two sections, V3.05 (left) and V3.04 (right), separated by a central vertical support. The overall width is 2440mm, and the overall height is 840mm. The stand features a dark green base and a light blue upper section. The left section (V3.05) has a width of 1200mm and a height of 300mm. The right section (V3.04) has a width of 1000mm and a height of 300mm. The central vertical support has a width of 100mm. The stand is labeled with V3.05, V3.04, and T3.02. A silhouette of a person is shown on the left for scale. A label 'Trappe d'accès au transformateur L400xH120mm' points to a trapdoor on the right side. A label 'Joint creux H10mm' points to a joint at the base of the central support.
