

ST2821

Current Amplifier DC

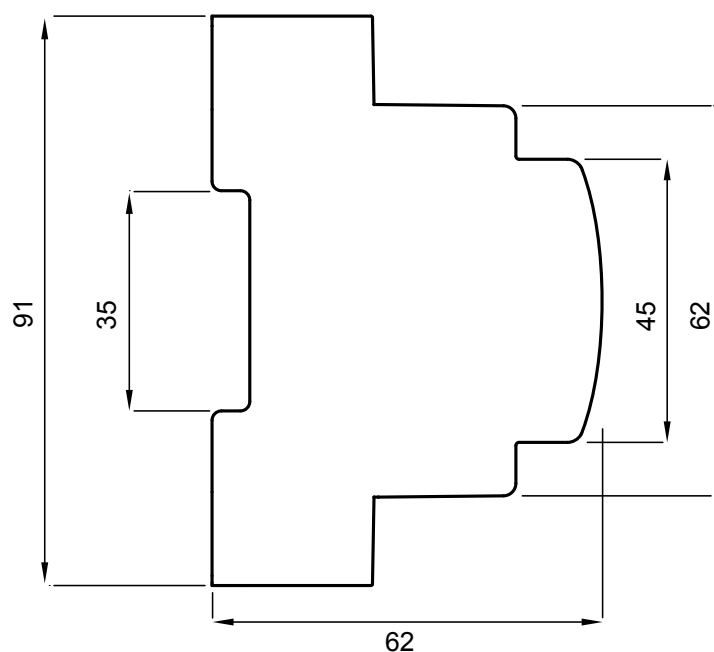

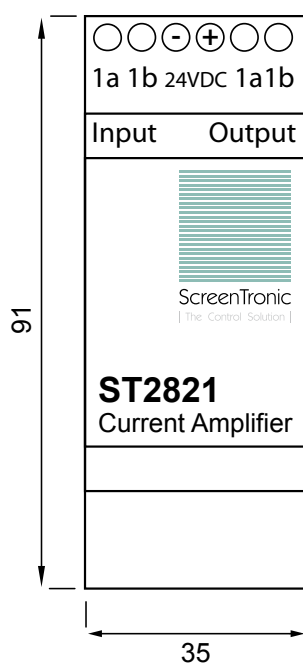

Expansion of a power control output for blinds up to 16 blinds in one group. Only to use in combination with a control unit and the provided Power Supply.

DIN-rail mounting

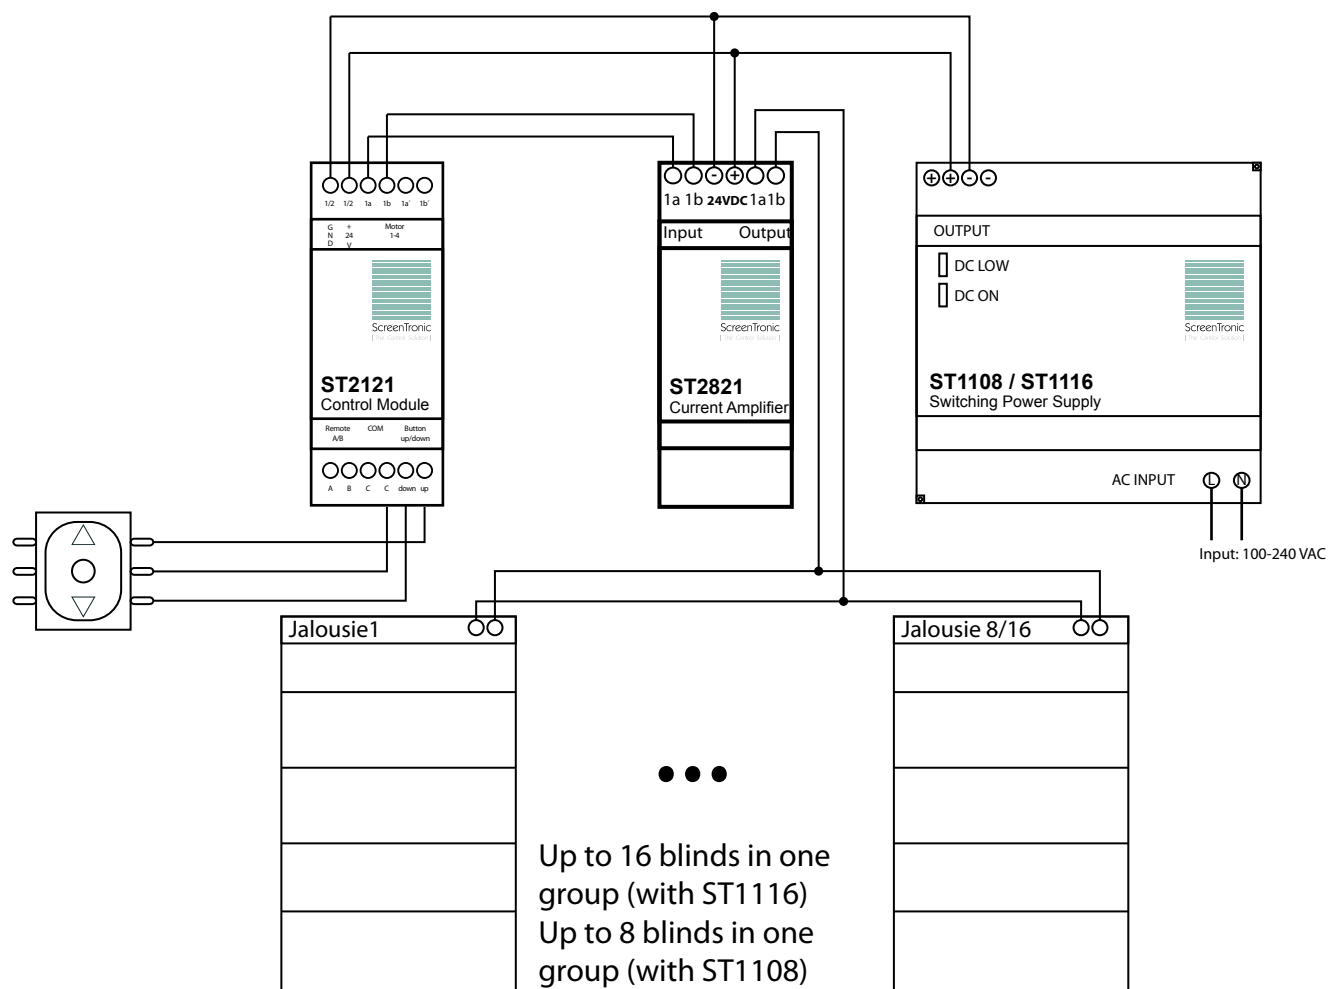

Dimensions: 2 modules 35x91x62 mm (WxHxD)

Product Characteristics:

- Current Amplifier for large control groups

ST2821 Current Amplifier DC

Connection No.	Description	Notes
1	Control Input 1a	Input signal from ST2121/ST2124
2	Control Input 1b	
3	GND	Power supply
4	+24V DC	
5	Blind group 1a	Output (max. 16 motors)
6	Blind group 1b
