

This topographic plan illustrates the site layout with various features and elevation data. The plan includes a heliport (Hélistation) at the top, a dialysis building (Bâtiment dialyse) on the left, a parking area (Parking dialyse) below the building, a green space (Espace vert) in the center, and an emergency entrance (Entrée Urgences) on the right. The plan is overlaid with a grid of elevation points. Key elevation data points include:

- Topographic Profile (Top):** Elevation points range from 6212210 to 6212230 on the left and 6212210 to 6212230 on the right. The profile shows a slope from left to right, with a peak of 268.54 on the left and a low of 265.54 on the right.
- Building Elevation:** The building has a roof level of 258.64 and a ground level of 258.47. The ground level is also marked as 258.64 on the right side.
- Parking and Green Space:** The parking area has a ground level of 251.79. The green space has a ground level of 251.63.
- Heliport and Emergency Entrance:** The heliport has a ground level of 260.00. The emergency entrance has a ground level of 256.13.
- Other Elevation Data:** Various points are marked with elevations such as 260.59, 260.20, 258.33, 259.60, 261.74, 261.80, 264.80, 264.94, and 265.00.
