

Lisse haute
Section 75x240mm

Bèche périphérique + dalle en
béton + désactivée

A technical drawing of a circular wooden structure, possibly a gazebo or a small pavilion. The structure features a flat, circular roof made of horizontal wooden planks. It is supported by a series of vertical wooden posts. The base of the structure is defined by a circular line on the ground. The drawing includes dimension lines and circles, indicating the circular geometry and the placement of the roof and supports.
