1. Subject of the contract

The purpose of the consultation is: **Study to launch the project to strengthen a resilient and sustainable coffee sector in Ethiopia (Buna RISE).**

1.1 Market form

The consultation is not broken down into lots. The services will give rise to a single market. This contract is also not subject to a split into tranches or purchase orders.

2. Organization of the consultation

2.1 Procurement procedure

This consultation is conducted in compliance with the provisions of Articles R. 2123-1 and R. 2123-5 of the Public Procurement Code according to an appropriate open procedure with possible negotiation, freely defined by the contracting authority.

The contracting authority will proceed with the analysis of the candidates' tenders on the basis of the tender selection criteria. It may award the contract on the basis of the offers submitted without negotiations.

The contracting authority also reserves the right to negotiate with the providers having submitted the best 2 offers provided that it considers that it has a sufficient number of satisfactory offers according to the selection criteria for the offers.

At the end of any such negotiations, it will select the most economically advantageous tender on the basis of the criteria for selecting tenders set out in the notice and/or in these rules of consultation.

In accordance with Article R. 2144-3 of the Public Procurement Code, the verification of fitness to engage in professional activity, the economic and financial capacity and the technical and professional abilities of candidates may be assessed at any time during the procedure and no later than before the award of the contract.

2.2 Justification in case of non-allotment

The object of the contract does not allow the identification of separate services.

2.3 Provisions relating to groupings

The contract may be awarded to a single company or to a group of companies.

If the contract is awarded to a joint group, the joint agent shall be jointly responsible with each of the members of the group.

Possibility of submitting several tenders for the contract, acting both as individual candidates and as members of one or more groups:

Yes

No

Or as members of several groups:

Yes

No

2.4 Free variants

Free variants are not allowed.

2.5 Imposed variants

There is no PSE planned.

2.6 Modification of the Consultation File

The Contracting Authority reserves the right to make detailed changes to the Consultation File no later than **6 days** before the deadline set for submission of tenders.

The bidders will then have to respond on the basis of the modified file without being able to raise any claim in this regard.

If during the study of the file by the candidates the deadline above is postponed, the previous provision is applicable according to this new date.

2.7 Validity period of the offers

The validity period of offers is 180 days from the deadline for submission of the final offer.

3. Content of the consultation file

The consultation file includes the following documents:

- The present rules of the consultation.
- The Application form
- The Single Contract (CU) and its possible annexes
- The specific technical clauses book (C.T.P) and any annexes, if applicable.
- The breakdown of the overall and lump-sum price.

In order to have a complementary technical document (necessary to answer to the tender) named “**Pre-feasibility report October 2025**”, candidates must send to AFD the signed confidentiality agreement (at the following address primatestag@afd.fr by email) sent by AFD’s purchasing department. Upon receipt of the signed confidentiality agreement from the candidate, he will be given the document from PLACE via secured messaging.

4. Presentation of applications and offers

The candidates will have to produce the documents defined below written in English.

4.1 Elements necessary for the selection of applications:

Each candidate shall produce the application form attached to this document, to which will be attached the following documents:

- Declaration on honor justifying that the candidate does not fall into any of the cases mentioned in articles L. 2141-1 to L. 2141-5 or articles L. 2141-7 to L. 2141-10 of the Public Procurement Code (document attached)
- If applicable, the document(s) relating to the powers of the person authorized to commit the company
- In the case of a grouping, the authorisation document for the representative signed by the members of the grouping
- In case of subcontracting, the subcontracting declaration (attached to the Single Contract)

The candidate may prove his capacity by any other document considered as equivalent by the contracting authority if it is objectively impossible for him to produce one of the requested information relating to his financial capacity.

If, in order to prove his capabilities, the candidate wishes to rely on the professional, technical and financial capabilities of any other participant (particularly subcontractors), he must produce the documents relating to this participant referred to in this article above. He must also justify that he will have the capabilities of this participant for the execution of the contract by a written commitment from the participant.

Pursuant to Article R. 2143-16 of the Public Procurement Code, as part of their application, candidates are required to attach a translation into French to elements written in another language.

It is brought to the attention of candidates that, in accordance with the provisions of Article R. 2143-13 of the Public Procurement Code, they are not required to provide supporting documents and means of proof that the buyer can obtain directly through:

- An electronic information system administered by an official body, provided that access to it is free of charge and, where appropriate, that all the information necessary for consultation is included in the application file;
- Of a digital storage space, provided that all the information necessary for consultation is included in the application file and that access to it is free.

Moreover, in accordance with the provisions of Article R. 2143-14 of the Public Procurement Code, candidates are not required to provide the contracting authority with supporting documents and means of proof that have already been submitted during a previous consultation and which remain valid.

Finally, according to the provisions of Article R. 2143-4 of the Public Procurement Code, the contracting authority accepts that candidates submit their application in the form of a single European market document (DUME) established in accordance with the model laid down by the European Commission regulation establishing the standard form for the European single market document, instead of the sworn declaration and the information mentioned in Article R. 2143-3.

Applicants may form or reuse a DUME in its electronic version via one of the following URLs: <https://ec.europa.eu/tools/espd/> OR <https://dume.chorus-pro.gouv.fr/>

It is specified that the contracting authority does not allow candidates to limit themselves to indicating in the

single European procurement document that they have the required aptitude and capabilities without providing specific information on these.

4.2 Elements necessary for choosing the offer

For the choice of the offer, candidates must produce the following documents:

- A Single Contract (CU) (attached to be completed, dated and signed electronically)

Information on the use of electronic signatures:

Bidders are asked not to use an electronic signature blocking the addition of another electronic signature.

The candidate will also specify the nature and amount of the services he intends to subcontract, as well as the list of subcontractors he proposes to submit for approval and acceptance by the contracting authority.

- The breakdown of the overall lump sum price.
- A methodological note or a technical brief drafted on the basis of the outline presented in the appendix "Response framework imposed" to this Consultation Regulation.

The documents submitted by the contracting authority with the exception of:

- Those listed above as well as their annexes
- The Contract duly completed by the tenderer

Are not to be included in the offer.

Only the documents held by the Contracting Authority are authentic. Including the Contract if any changes – other than those required for its filling - were made by the bidder.

Candidates are reminded that the signing of the Single Contract (CU) constitutes acceptance of all contractual documents.

5. Evaluation of applications, offers and award of the contract

5.1 Judging of the applications

AFD reserves the right to analyze offers before applications. In this case, it may limit the examination of application documents to the only candidate to whom it plans to award the contract.

The criteria for the admissibility of applications are:

- Technical and financial guarantees and capabilities
- Professional capabilities

Applications which do not provide sufficient financial, technical and professional guarantees in relation to the purpose of the service are declared inadmissible.

5.2 Judgment of the offers

The criteria used to evaluate tenders are weighted as follows:

| | |
|---|--------|
| Price of the services: Definition and assessment of the criterion: The maximum score (NM) will be awarded to the candidate who submitted the lowest financial offer. The other candidates will be assigned a score calculated on the | 25/100 |
|---|--------|

| | |
|---|--------|
| <p>basis of the following formula: $N = NM \times (WCO/NAO)$ where N is the candidate's grade, OMD the amount of the lowest bid, OAN the amount of the bid to be noted.</p> | |
| <p>Environmental & Social Criterion: Definition and assessment of the criterion: - Actions implemented to limit the carbon footprint in the context of the provision of services - Actions implemented to ensure gender equality and diversity</p> | 5/100 |
| <p>Adequacy of the methodology and work programme: Definition and assessment of the criterion:</p> <ul style="list-style-type: none"> • Clarity and relevance of the methodology • Adequacy of the time budget and feasibility of the work program | 25/100 |
| <p>Qualifications and experience of the experts: Definition and assessment of the criterion:</p> <ul style="list-style-type: none"> - Quality of the dedicated profiles in the execution of services as well as the mobilizable network <ul style="list-style-type: none"> ○ Team leader ○ Agricultural Economist ○ Social & environmental specialist(s) ○ Coffee expert | 45/100 |

The terms of negotiation are defined in the article Procurement procedure.

The contracting authority will discard the inappropriate tenders and proceed to select, after an initial ranking made on the basis of the criteria defined above, **2 candidates** who may be admitted for negotiation. After any negotiations with these candidates (except if there are insufficient candidates), the contracting authority will choose the most economically advantageous tender.

In the context of these negotiations, the successful candidates may be invited as many times as necessary by the contracting authority under strict conditions of equality, to specify, supplement or modify their offer without substantial changes being made to the specifications.

AFD reserves the right to organize several rounds of negotiations with the selected candidates.

AFD also reserves the right to award the contract based on the initial offer, without negotiation.

Correction of offers:

In the event of a discrepancy being found between the financial annex and the deed of commitment, the amount entered in the deed of commitment shall prevail.

5.3 Contract award

The regulation no longer requires economic operators, whether bidding alone or in a group, to sign their offer. However, **the signing of the tender by the successful candidate must take place at the latest when the contract is awarded.**

Prior to the signing of the contract, and in accordance with article R2144-7 of the Public Procurement Code, the successful tenderer must submit the documents requested below on the supplier certificates collection tool provided by the Contracting Authority (Provigis tool):

- A valid document certifying the effective registration of the structure (excerpt K-bis or equivalent);
- A valid certificate issued by the competent authorities certifying that the candidate is up to date with their social obligations (URSSAF, RSI, AGESEA, MDA...);
- The nominative list of foreign workers outside the EC or posted, employed by the structure or failing that a sworn statement of non-employment of foreign workers outside the EC (dated less than 6 months);
- A valid tax certificate issued by the competent authorities certifying that the candidate is up to date with his/her tax obligations;
- A valid civil and/ or professional liability insurance certificate.

In order to satisfy this latter obligation, the applicant established in a State other than France must produce a certificate drawn up by the administrations and bodies of the country of origin. Where such a certificate is not issued by the country concerned, it may be replaced by an affidavit, or in those States where no such oath exists, by a solemn declaration made by the person concerned before the competent judicial or administrative authority, a notary or a qualified professional body of the country.

Failure to submit these documents within the set time limit will result in the rejection of the winning candidate's offer and his/her elimination.

The next candidate will then be asked to produce the necessary certificates and attestations before the contract is awarded.

6. Conditions for sending and submitting applications and offers

The transmission of documents by electronic means can only be carried out at the following address: <https://www.marches-publics.gouv.fr/>.

The reference time zone will be (GMT+01:00) Paris, Brussels, Copenhagen, Madrid.

Each transmission will be subject to a certain date of receipt and an electronic acknowledgment of receipt.

It is strongly recommended to initiate the tender submission **at least 2 hours before the DLRO.**

In case of problems, please contact the PLACE platform support (<https://www.marches-publics.gouv.fr/>)

Prepare in advance:

Need for digital certificate - Set up workstation in advance - recommendation to prepare with the Test Consultation.

In the case of an electronic response, the electronic signature of certain documents is required.

The tenderer must have previously acquired an electronic certificate. Obtaining an electronic certificate takes several days, even several weeks. If the tenderer does not have a valid electronic certificate in the context of the response to a dematerialised contract, it is imperative that he request it in advance.

It is also strongly recommended that the bidder make arrangements so that its electronic response is filed within the allotted time. A workstation configuration test as well as test consultations are made available on the platform.

Accepted file formats:

In the event of a response being sent electronically, the documents provided must be in one of the following formats, failing which the offer will be inadmissible:

- Microsoft proprietary office format compatible with 2003 version (.doc, .xls and .ppt),
- Universal text format (.rtf),
- PDF Format (.pdf),
- Image formats (.gif, .jpg and .png),
- Format for plans (.dxf and .dwg).

Any document containing a computer virus will be the subject of a security archive and will be deemed never to have been received. The concerned candidate will be informed. Under these conditions, candidates are advised to submit their documents to an anti-virus before sending.

Electronic signature of the response files:

Bidder's documents must be signed electronically, as detailed below.

By application of the decree of March 22, 2019 relating to the electronic signature of public procurement contracts, the candidate must comply with the conditions related to:

- to the signatory's signature certificate,
- to the signature tool used (software, online service, initiator if applicable), which must produce electronic signatures in accordance with regulatory formats. (see annex)

General reminders: ZIP folder and scanned signature:

Documents sent electronically will be re-materialized after the opening of the envelopes. Candidates are informed that the award of the contract may give rise to the handwritten signature of the paper contract.

- Each file to be signed must be individually signed, so that each signature can be verified independently of the others,
- A signed zip file is not accepted as equivalent to the signature of each document that constitutes the zip file,
- A scanned handwritten signature has no value other than that of a copy and cannot replace the electronic signature.

Backup copy:

Candidates may also send, within the time allowed for submission of tenders, a backup copy on electronic physical medium (USB key) or on paper. This copy is sent to the address below, in a sealed envelope and must include the mention: 'backup copy', the identification of the procedure concerned and the company's contact details:

Group Purchasing Department (DAG)
5 Rue Roland Barthes
75012 Paris
FRANCE

Backup copy documents must be signed (for documents that require a signature). If the physical medium is electronic, the signature is electronic.

This backup copy may be opened in the cases described in article 2 II of the decree of March 22, 2019 setting the terms for making available the consultation documents and the backup copy.

The envelopes containing the backup copy, unopened, will be destroyed by the contracting authority at the end of the procedure.

7. Additional information

To obtain any additional information related to this consultation, candidates must submit their application:

- Electronically, exclusively on the dematerialization platform, at the following URL:
<https://www.marches-publics.gouv.fr/>

When downloading the consultation file, it is recommended that the company create an account on the dematerialization platform where it will include the name of the bidding organization, and an email address in order to keep it informed of any changes occurring during a procedure (addition of a document to the DCE, sending a list of answers to questions received...).

Only requests sent at least 6 days before the deadline for receipt of tenders will be answered by the contracting authority.

A response will be sent no later than 6 days before the date set for the receipt of offers to candidates who have uploaded the consultation file on the dematerialization platform after having previously identified themselves

Regarding the information relating to the *delivery* of dematerialised offers, please refer to the article Conditions for sending and delivering applications and/or offers in this document.

ANNEX: DECLARATION ON HONOUR

I, the undersigned.....

Acting in the capacity of

Company name and address:

.....

.....

a) declares on his honor:

either be the legal representative of the company identified in the legal documents

hold an authorization authorizing him to engage the company in the context of this consultation (delegation of signature communicated)

b) declares on his honor not to fall into one of the exclusion cases provided for in Articles L. 2141-1 to L. 2141-5 or Articles L. 2141-7 to L. 2141-10 of the Public Procurement Code.

N.B.: When an economic operator is, during the procurement procedure, placed in one of the exclusion cases mentioned in Articles L. 2141-1 to L. 2141-5, Articles L. 2141-7 to L. 2141-10 or Articles L. 2341-1 to L. 2341-3 of the French Public Procurement Code, he informs the buyer without delay of this change of situation.

Evidence documents available online:

Internet address at which supporting documents and means of proof are accessible directly and free of charge, as well as all the information necessary to access them:

- Internet address:

- Information required to access it:

.....

.....

c) declares on my honor that I am not, and that none of the members of my group, nor of my suppliers, contractors, consultants and subcontractors are included in the lists of financial sanctions adopted by the United Nations, the European Union and/or France, in particular under the heading of the fight against the financing of terrorism and against breaches of international peace and security, and I undertake to inform the Agency without delay of any change in the situation

8. Annex: Imposed response framework

The Provider's responses must not exceed 25 pages excluding annex and CV.

These responses must imperatively respect the following framework:

A - Summary of your offer

- A.1 - Understanding of AFD's expectations
- A.2 - Summary of the steps of your intervention
- A.3 - Overall Mission Schedule

B - Strengths and added value of your offer to carry out this mission

C - Detailed description of your offer

- C.1 - Detailed description of the content of the proposed steps (diagnosis, analyses, scenarii, action plan, reporting...)
- C.2 - Means implemented (including methodologies)
- C.3 - Instances and practical methods of steering the mission
- C.4 - Detailed table of deliverables
- C.5 - Detailed planning

D - Recommendations from the provider for the successful completion of the mission

E - Presentation of the team that will intervene on this mission

- E.1 – Constitution of the team and distribution of responsibilities among its members
- E.2 – CVs of the experts (3 pages maximum per expert)

F – CSR Considerations

- F.1 – Environmental action implemented for the service in accordance with the contract

F.2 – Social action implemented for the service

9. Appendix: Signature Certificate Requirements

Certificate of signature:

The signatory's signature certificate must comply with the eIDAS regulation or equivalent and meet the required level of security. The RGS (general safety reference) has been replaced by the eIDAS regulation since 1 October 2018.

Nevertheless, for candidates who already have an "RGS" certificate, it remains usable until the end of its validity period.

- Case 1: Certificate issued by a "recognized" Certification Authority - No supporting documents to provide

The signing certificate is issued by a Certification Authority mentioned in the following trusted list:

<https://www.ssi.gouv.fr/administration/visa-de-secure/>

European candidates will also find the complete list of providers on the trusted list maintained by the European Commission:

<https://webgate.ec.europa.eu/tl-browser/#/tl/FR>

In this case, the bidder does not have any supporting document to provide on the signature certificate used to sign its response.

- Case 2: The electronic signature certificate is not referenced on a trusted list - Different supporting documents to provide

The dematerialization platform accepts all electronic signature certificates with security conditions equivalent to those of the General Security Framework (RGS) and "eIDAS".

The candidate ensures by himself that the certificate he uses is at least compliant with the security level defined by the General Security Framework (RGS) or "eIDAS", and provides the supporting documents in his electronic response.

The candidate shall also provide all the technical elements enabling the contracting authority to ensure that the certificate used is technically valid.

Thus, the signatory must transmit with their electronic response the following elements:

a) any element allowing the verification of the quality and security level of the signature certificate (proof of the qualification of the Certification Authority, certification policy, address of the website referencing the Certification Authority),

b) the technical tools for certificate verification (full certificate chain up to Root CA, download address of latest certificate revocation list update).

It is specified that all these elements must be free of access and use for the buyer, and be accompanied where appropriate by clear instructions for use.

Signature tool used to sign files:

The regulation allows the bidder to use the signature tool of their choice.

- Case 1: The bidder uses the platform's signature tool - No supporting documents to provide

The platform integrates an electronic signature tool, which produces signature tokens in the regulatory XAdES format.

In this case, the bidder has no documentation to provide on the transmitted electronic signatures and the signature tool used.

- Case 2: The bidder uses a different signature tool than the one integrated into the platform - Different supporting documents to be provided

When the candidate uses a signature tool other than that of the platform, he must comply with the following two obligations:

a) Produce XAdES, CAdES or PAdES signature formats.

) Allow verification by transmitting in parallel the elements necessary to proceed with the verification of the validity of the signature and the integrity of the document, free of charge.

It is specified that all these elements must be free of access and use for the buyer, and be accompanied where appropriate by clear instructions for use.

Appendix: Authorization of the representative by his co-contractors (to be completed for each co-contractor)

I, the undersigned.....
 Acting in the capacity of
 Company name and address:

 Identification number (SIRET or equivalent).....

Authorize the representative mentioned by name below to:

- The grouping formed and detailed in this document
- The only one present consultation

Subject of the consultation:

Presentation of the group

The candidate is a group of companies

Identification of the members of the Group

| Commercial name and company name, establishment address, email address, telephone and fax numbers, SIRET number of the group members | <i>Services performed by the members of the group</i> |
|--|---|
| | |
| | |
| | |

Designation of the Representative

The members of the grouping shall appoint the following representative:

Business name and legal name of the unit or establishment that will perform the service:

Postal and registered office addresses (if different from the postal address):

Email address:

Telephone and fax numbers:

SIRET number, failing that, a European or international identification number or one specific to the country of origin of the economic operator from a directory included in the list of DCIs:

To assert what is right
