Négotiation	Following the analysis of the tenders, IFREMER reserves the right to conduct one or more negotiation phases with the candidate(s) whose proposals are considered the most satisfactory with regard to the award criteria. Discussions may cover all aspects of the tender, both technical and financial. Where applicable, the outcome of the negotiations shall be subject to final adjustments with the successful tenderer prior to contract award. The Contracting Authority may award the contract directly without negotiation.

2. Review the tender documents

2.1. Check the content of the tender documents

Le dossier DCE de ce marché comprend les documents suivants :

- ☒ This Consultation Rules document (RC)
- ☒ The Specific Terms and Conditions (STC)
- ☒ The Technical Specifications (CCTP)
- ☒ The technical proposal (technical memorandum)

When downloading the tender dossier, you are strongly advised to register and identify yourself in order to be automatically informed of any deadline extensions, amendments, or clarifications that may be issued during the tendering process.

2.2. Asking questions

Tenderers may submit questions to the Contracting Authority via the buyer profile on the PLACE platform.

Telephone responses will only concern basic queries. For more complex technical or administrative questions, tenderers must submit their questions via the electronic procurement platform.

Tenderers must submit their requests no later **than four (4) days before the deadline for submission of tenders.**

In case of difficulties accessing the platform, tenderers may contact IFREMER's Procurement Unit at the following address: cellule.marche@ifremer.fr

2.3. Downloading additional information

The Contracting Authority shall respond to questions and/or provide additional information and/or corrections by amending the tender documents.

IFREMER reserves the right to issue modifications to the tender documents, no later than two (2) calendar days before the deadline for submission of tenders. Tenderers shall then submit their bids on the basis of the amended documents without being entitled to raise any claim in this respect.

3. Understanding the selection process

3.1. Confidentiality

The tenderer undertakes not to use the information provided by IFREMER for any purpose other than the preparation of its tender. The tenderer also undertakes not to disclose any information or documents provided by IFREMER and not to communicate them to any third party without prior authorisation.

3.2. Conflict of interest

The tenderer undertakes to inform IFREMER of any situation likely to give rise to a conflict of interest. A conflict of interest refers to any situation in which a person involved in the procurement procedure, or likely to influence its outcome, has directly or indirectly a financial, economic, or any other personal interest that could compromise their impartiality or independence in the context of the procurement procedure.

3.3. Award criteria

The Contracting Authority shall award the Contract to the tenderer ranked first following the evaluation of tenders based on the following award criteria:

Price criterion

50%

Technical criterion

40%

Environmental criterion

10%

The Contract shall be awarded to the tenderer obtaining the highest overall score, provided that it has submitted the documents referred to in Article 4.3 and is up to date with its tax and social security contributions.

In the event of a tie in the final score (FS), the tender with the highest technical score shall be selected.

3.3.1. Calculation of the price score

The price score (PS) is assessed out of 20 points based on the EUR excluding tax (VAT excluded) amount of the Contract indicated in the estimated bill of quantities (DQE).

The maximum score of 20 is awarded to the tenderer submitting the lowest total amount. The scores of the other tenderers shall be calculated using the following formula:

$$PS = 20 \times (\text{lowest total price excluding tax} / \text{total price excluding tax of the tender being evaluated})$$

3.3.2. Calculation of the technical score

The technical score (TS) is assessed out of 20 points. It is based on the tenderer's technical memorandum.

3.3.3. Calculation of the environmental impact score

The environmental score (ES) is assessed out of 20 points. It is based on the technical memorandum (Appendix 2 to the Consultation Rules – technical memorandum).
