

This architectural elevation drawing shows a section of a building facade. It features several sets of double doors and windows, some with yellow frames and others with grey frames. The drawing includes numerous height and width measurements in meters (m) and millimeters (mm). Key measurements include door heights of 2.09m and 2.67m, and window heights of 0.78m and 0.67m. Level indicators are provided on the right side: NGF : 37.63 and NGF : 34.40. The drawing also shows a section of the roof with a height of 42.16m and a section of the ground with a height of 41.07m. The drawing is a technical representation of the building's exterior, showing the placement and dimensions of the various openings.
