

This is a detailed architectural floor plan of a large building complex, likely a university or research facility. The plan shows a central corridor system with numerous rooms, including lecture halls, laboratories, offices, and administrative spaces. Rooms are labeled with numbers and names in French, such as 'Salle de cours', 'Laboratoire', 'Bureau', and 'Salle de réunion'. The layout is symmetrical, with a central vertical axis and horizontal wings extending outwards. The plan includes detailed room dimensions, door locations, and furniture arrangements.
