

## 1. Logiciels

| Machine         | Composant    |
|-----------------|--------------|
| BARPI Cloud     | PHP          |
| BARPI Cloud     | Apache       |
| BARPI Cloud     | MySQL        |
| BARPI Cloud     | Node.js      |
| BARPI Cloud     | SSHD         |
| BARPI Cloud     | Zabbix agent |
| BARPI Cloud     | iptables     |
| BARPI Cloud     | Postfix      |
| BARPI Prod      | PHP          |
| BARPI Prod      | Apache       |
| BARPI Prod      | MySQL        |
| BARPI Prod      | MongoDB      |
| BARPI Prod      | SOLR         |
| BARPI Prod      | ClamAV       |
| BARPI Prod      | SSHD         |
| BARPI Prod      | Bacula       |
| BARPI Prod      | Nagios NRPE  |
| BARPI Prod      | Zabbix agent |
| BARPI Prod      | iptables     |
| BARPI Prod      | Glances      |
| BARPI Prod      | Postfix      |
| BARPI-BACKUP-CF | Postfix      |
| BARPI-BACKUP-CF | SSHD         |
| BARPI-Stockage  | PHP          |
| BARPI-Stockage  | Apache       |
| BARPI-Stockage  | MySQL        |
| BARPI-Stockage  | MongoDB      |
| BARPI-Stockage  | SSHD         |
| BARPI-Stockage  | Samba        |
| BARPI-Stockage  | Gitlab       |
| BARPI-Stockage  | Postfix      |

## 2. Bibliothèques ARIA3

| Nom          | Description                                  |
|--------------|----------------------------------------------|
| Bootstrap    |                                              |
| Canvas 2 Svg |                                              |
| canvg.js     | Javascript SVG parser and renderer on Canvas |
| CKEditor     |                                              |
| fancybox     |                                              |
| filesaver    |                                              |
| gridster     |                                              |

|                                                                                                    |                                             |                                                   |
|----------------------------------------------------------------------------------------------------|---------------------------------------------|---------------------------------------------------|
| Inventaire SI<br> | <b>Inventaire des composants du SI ARIA</b> | Annexe 8 CCTP<br>Date : 11/05/2026<br>Version : 3 |
|----------------------------------------------------------------------------------------------------|---------------------------------------------|---------------------------------------------------|

|                      |                                            |
|----------------------|--------------------------------------------|
| html2canvas          |                                            |
| jnotify              |                                            |
| jquery-simulate      | simulate browser mouse and keyboard events |
| jquery               |                                            |
