WP / TASKS
WP1: OPS Infrastructure deployment at Pauillac port site ***Subcontracting***
T1.1: Electric delivery substation for Pauillac OPS
T1.2: Voltage and frequency conversion station for Pauillac OPS
T1.3 Work and equipment for Pauillac OPS
T1.4: Mobile trolley for Pauillac OPS connection
WP2: OPS infrtastructure deployment at Bassens port site ***Subcontracting***
T2.1: Electric delivery substation for Bassens OPS
T2.2: Voltage and frequency conversion station for Bassens OPS
T2.3 Work and equipment for Bassens OPS
T2.4: Mobile trolley for Bassens OPS connection
WP3: OPS Infrastructure deployment at Bordeaux port site ***Subcontracting***
T3.1: Electric delivery substation for Bordeaux OPS
T3.2: Voltage and frequency conversion station for Bordeaux OPS
T3.3 Work and equipment for Bordeaux OPS
T3.4: Mobile trolley for Bordeaux OPS connection
WP4: Public grid connection to the port substation for all port sites ***Synergetic Elements***
T4.1: Public grid connection to the port substation Pauillac site
T4.2: Public grid connection to the port substation Bassens site
T4.3: Public grid connection to the port substation Bordeaux site
TOTAL (subcontracting + synergetic elements)
