PLACE USER GUIDE FOR COMPANIES

Since 1 October 2018, all buyers must be equipped with a buyer profile. Tender documents must be published on the PLACE platform for public procurement contracts (excluding defence or security) where the value of the requirement is equal to or greater than €40,000 (excl. VAT) (threshold raised from €25,000 to €40,000 (excl. VAT) since 1 January 2020).

This guide is intended for users from companies, non-profit organisations or NGOs who wish to use the PLACE e-platform for various functionalities:

- finding calls for tenders or calls for proposals;
- downloading company tender documents *(dossier de consultation des entreprises*, or DCE);
- filing questions relating to a call for tender;
- submitting an electronic response to a call for tenders;
- etc.

Applications and bids will only be taken into account if they are submitted on this platform. Email submissions will not be eligible.
