

The diagram is a technical architectural site plan for a parking lot. It features two rows of parking spaces, each with a width of 20x50ht. The spaces are separated by a central area labeled "Zone stabilisée par lot VRD" (stabilized zone by lot VRD). To the right of this zone is a "Stockage CCIMA Fondation" (CCIMA storage foundation). The foundation is a rectangular structure with a width of 400 and a height of 500. It contains two circular features: a smaller one labeled "15" and a larger one labeled "-0.02 Fini". The foundation is surrounded by a concrete slab (Massif) with dimensions 240x240x100ht. The plan also shows various dimensions for the parking spaces and the foundation, as well as a section line A-A.

Technical drawing of a rectangular frame. The overall dimensions are 500 (height) and 400 (width). The frame consists of four rectangular sections, each labeled 25x40ht. The sections are arranged in a 2x2 grid. The dimensions of the sections are: 25 (width) x 450 (height) for the left and right sections, and 350 (width) x 25 (height) for the top and bottom sections. The drawing includes a north arrow pointing towards the top right.

Béton :
_Longrine & Radier - C25/30 , XC1 enrobage 4cm
_Béton exposé - C30/37 , XS1 enrobage 4.5cm

Taux de ferrailage :

- _Raidisseur 20x50ht - 100kg/m³
- Radier ep.20cm & 15cm - 120kg/m³
- _Poteaux - 120kg/m³
- _Chainages verticaux/horizontaux - 90kg/m³
- _Poutre isolée - 110kg/m³
- _Dalle élévation - 60kg/m³

Charges d'exploitations :

- Bureaux, sanitaire, circulation, salle de réunion : $Q=250\text{daN/m}^2$
- Archives : $Q=800\text{daN/m}^2$
- Grande salle de reception : $Q=400\text{daN/m}^2$
